Stellar, as in exceptionally good or outstanding; that pretty much sums this beauty up. The new Brunswick **Stellar** is just that. We brought back the beloved Versa Max core and paired it with the always popular Activator Plus 2.0 to bring you an outstanding new ball. The **Stellar** is a shiny, hybrid cover with a higher RG core that will produce a completely different ball reaction in the Brunswick line. The **Stellar** ignores the front of the lane and is a real star in the mid-lane and backend, working best on medium to even medium dry conditions. This ball is a **Stellar** performer you're going to have to have.
