The Zenith is hook in a box and does not disappoint on heavy oil conditions, but way too much ball on medium conditions when the oil in the front of the lane has gone away. The **Zenith Pearl** has been created to combat lanes where you still need a powerful ball, but one that doesn't see the friction as early. If you bowl on medium conditions or you're looking for a strong asymmetric ball that really turns the corner, the **Zenith Pearl** will be a perfect addition to your bag.
